

Fairgrounds Animal Hospital

Help your adult cat enjoy a happy healthy life, with our preventive bundle.

Comprehensive physical examination

\$48.46

This head-to-tail examination includes, but is not limited to, temperature, weight, and the evaluation of the following:

- coat and skin
- eyes, ears, mouth, teeth, and gums
- heart, lungs, and abdomen
- legs and paws

Chemistry profile and complete blood count (CBC)

\$172.38

A blood chemistry profile, including SDMA, provides information about your cat's kidneys, liver, and pancreas as well as other functions of the body, such as blood sugar and hydration. A CBC can identify infection, inflammation, and anemia.

Infectious disease screening

\$45.33

This screening indicates whether your cat has been infected with feline leukemia virus (FeLV) and feline immunodeficiency virus (FIV)—the most common infectious diseases in cats.

It also indicates exposure to heartworm.

Fecal test

\$64.16

This test checks for intestinal parasites that may live in your cat's gastrointestinal tract. Since they are usually hidden from view,

the only way to detect and identify most intestinal parasites is by doing a fecal test.

Complete urinalysis

\$100.92

This analysis assesses the overall health of your cat's urinary tract including the kidneys and bladder.

It identifies infection or inflammation in the urinary tract.

Regular total cost: \$431.25

Discounted preventive care bundle: \$171.49

Savings of \$259.76
